

HERE'S the POINT

By SPENCE HELD

The death of Dr. Albert Einstein this week reminded me of an "interview" I had with him during the early 1930's.

Yeah, me and 40 other guys... Einstein, fleeing Nazi Germany, arrived at San Diego aboard the round-the-world liner Belgenland. A swarm of reporters and cameramen met the ship off Point Loma at dawn.

We climbed a swaying Jacob's Ladder to get aboard, and one fat photographer, burdened with a huge camera, almost fell into the ocean.

"What do we know about the Einstein Theory?" I muttered to a couple of other reporters before the "interview."

Bill Cayce, of the Union, had no doubts or fears. "Here," he said, producing pencil and paper, "I'll explain it to you."

And he did, with gestures.

Well, before Einstein appeared, I sat down at a desk in the luxurious salon. A tall, dignified old guy approached me. He slapped down his passport and stood there without saying anything.

I figured he was a publicity hound but went along with the gag and obligingly copied his name, address, etc.

Pretty soon he came back and glared at me. "Sir," he declared, "that was very unfair!"

(Befuddled, it took me a few moments to realize that he had mistaken me at first for a customs officer.)

I remember Einstein had a white, bushy head of hair and a patient wife. She translated our questions for him and relayed his answers.

Q—"Do you expect to make any scientific announcements following your stay in California?"

A—"Thought is not like politics!"

That's a fair sample of the Q. and A. When I got back to my newspaper office I stuck to the facts and wrote a story that was less than earth-shaking. The city editor thought it was O.K., but the Editor was vastly annoyed. (I learned later that he was correspondent for a wire service—a job which I eventually inherited, at less money—and that New York undoubtedly had been breathing down his neck for a story of tremendous import to flash to the waiting world.)

Several reporters from other papers, lacking good legitimate quotes, used their imaginations and produced smashing interviews. L. A. papers decorated their front pages with hopped-up purple journalism.

Morris Penter, our advertising manager, saved the day for us with a story about how he had interviewed Einstein in Yiddish.

More Charming Than Alarming

"DON'T BE ALARMED when you set your Big Ben ahead for Daylight Saving Time on April 24," says charming Dorothy Rowand. Who minds losing an hour with his eyes shut, when there's so much more to see in the Summer sun?

No Phone Surveys Being Made By S. D. City Schools

No telephone surveys are being made in San Diego by the Board of Education or the City Schools, Superintendent Ralph Dillard has warned in reporting that some citizens have received calls recently from persons seeking information under false pretenses.

Most of the calls have been made by persons claiming they are making health education or musical interest surveys for the school system, Dr. Dillard said. In most cases the callers give false or fictitious names.

"It is against the policy of the board of education or the city schools to make telephone surveys of this nature," the Superintendent said. "Persons receiving such calls should offer no cooperation," he requested.

The warning did not apply, he explained, to home telephone calls made by school principals, teachers or nurses concerning pupils. These are legitimate calls and full identification of the caller always is established, he said.

FAREWELL PARTY

A farewell party was held for Major Russell White at the home of Mr. and Mrs. A. Porter. Major White has been an active member of the Bethany Lutheran Church during his years spent in San Diego. Ladies of the church served refreshments to over 40 members attending the event. The couple will be residing in Washington, D. C.

Fishing Fellas Get Big Yellas

Taking advantage of one of the heaviest runs of large yellowtail in recent years, aspirants for honors in the \$25,000 San Diego Yellowtail Derby jacked up the minimum qualifying weight in the first period to almost 24 pounds in two short weeks, and still no ceiling was in sight.

The big shuffle in the standings followed red hot fishing last weekend, sample catches being 765 taken Friday and 953 Saturday. The seven-day total was 3341.

Largest yellow of the week proved to be a 33 pounder caught by Russell Segel, San Diego, giving him second place in the standings behind the 34-14 caught by Howard T. Cox, La Mesa, a week earlier.

Top qualifier from the Point Loma-Ocean Beach sector proved to be C. E. Myhrvold, 49483 Niagara, with a 29 pound 7 ounce. Others included: Russell Light, 3896 Rosecrans, 26 pounds; Paul Mayerick, 3111 Ingelow, 25-6; and Tom Munn, 4874 Long Branch, 25-2.

In addition to red hot yellowtail fishing, big bonito and barracuda also put in an appearance at the Coronado Islands and a 16 pound bonito was boated by C. L. McGranahan, Los Angeles, Friday.

Fishing at La Jolla and the Point Loma kelp beds also showed improvement, with good catches of bass and some white sea bass taken.

O. B. CHAMBER MEETS MAY 3

An important general membership meeting of the Ocean Beach Chamber of Commerce will be held Tuesday noon, May 3, in the Kiwanis Youth Building, according to Harry La Dou, president. Jim Noel is program chairman for the luncheon meeting.

Promotion of Ocean Beach will be discussed, including the following:

1—Use of neon signs on main thoroughfares leading to the community.

2—Development of a large beach playground between Muir St. and Brighton Ave. (The impending construction of a rock groin to stabilize the beach ties in with this project.)

3—Planning "the type of beach resort we want here."

Attendance at general membership meetings of the Chamber has been unsatisfactory, and La Dou said the upcoming meeting will determine where and when local merchants would like to meet.

A 17-hour "simulcast" for the benefit of the San Diego Multiple Sclerosis Society will be presented over Channel 10 and KFSD radio beginning at 11 p.m. Saturday. The program will originate in Mission Beach ballroom, MS Society officials said.

Little Theatre Group Being Organized Here

Residents of Point Loma and Ocean Beach are going to have a chance to try their hands at acting and working with little theatre productions.

A new little theatre group, the "University and Community Players," is being organized on the California Western University campus by Carl Glick, instructor in creative writing and drama.

"We hope to have a large representation of residents of the community in the new group," Glick said, "and are planning to hold all our rehearsals at night so that people who work during the day can take part."

Present plans are to present three one-act plays next month with a major production later.

Residents wishing to take part can contact Glick at AC-2-6807. A veteran little theatre organizer and director, Glick came to California Western last month from New York University.

Scouts To Thank Store Owners For USD Gifts

Store owners throughout the Ocean Beach area will get a vote of thanks Saturday from the Boy Scouts for the money they gave to the Second United Success Drive. On Monday Camp Fire Girls will add their thanks to all persons crossing the bay by ferry in the late afternoon.

The two youth organizations are saying thank you for all 42 agencies that receive their operating expenses through United Success. At the same time they will hand out copies of the new "Community Success Report—1955," a pamphlet telling those who gave just how their money is being spent.

La Motte T. Cohu, president of the Community Chest, said: "The youngsters offered to say thanks on behalf of the entire Chest as part of their community service program. They felt it was important that people throughout the county know that they're grateful for the youth programs made possible through United Success."

Every agency in the Chest, Cohu pointed out, has some form of direct service for youth. Recreation, leadership training, mechanical crafts, medical care and therapy for thousands of children are made possible through the Chest.

The pamphlet, Cohu said outlines the work of the Chest agencies. He said copies are available to everyone at United Success Headquarters and added, "We hope those wanting a copy will let us know as soon as possible. We can already see that our supply will be limited."

Methodist Church Announces \$80,000 Bldg. Fund Goal

An \$80,000 building fund campaign goal has been announced by Point Loma Methodist Church, 1984 Sunset Cliffs Blvd., Ocean Beach.

During the past week and a half, personnel for the canvass of members and friends of the church have been meeting in training sessions.

Highlight of the preparation program will be the "Loyalty Dinner" at the Greek Community Hall, Park Blvd. and Cypress St., Sunday, April 24, at 5 p.m. At the dinner, which is complimentary, all members and users of the church facilities will be informed of the future plans of the church.

The building fund will finance an expansion program which has become necessary because of the lack of adequate facilities to effectively serve the needs of a rapidly growing membership and church school attendance in a growing community.

Dail and Williams Win; Peninsula Can't Lose

With a Peninsula resident elected to the City Council and a new Mayor who understands Peninsula problems, things were looking up in this area following Tuesday's election. Passage of the Harbor Bonds is regarded as a stimulus to a sound local economy.

Councilman Charles C. Dail, who is thoroughly familiar with the needs and requirements of Ocean Beach and Point Loma, was elected Mayor in a hard-fought contest with Harry L. Foster, retired contractor.

Complete semi-official returns from 798 precincts gave Dail 42,442 votes, while Foster got 41,237.

D. D. Williams Jr., 3107 Zola St., was elected Second District councilman over the incumbent Charles B. Wincote. The vote: Williams, 39,408; Wincote, 38,382.

Wincote congratulated Williams for his clean campaign and as "a very fine person."

Both Dail and Williams were happy that the Harbor Bonds had carried by a smashing mar-

gin of almost 3 to 1. The semi-official totals were, Yes, 60,291; No, 21,277.

Some 800 absentee ballots were to be counted today, but these were not expected to affect the outcome of Tuesday's election.

Francis E. Curran was elected councilman in the Fifth District over W. West Kennerly, and Justin C. Evenson defeated Al Mixin for the Sixth District post.

Proposition A, to eliminate the competitive bidding requirements for city insurance, was defeated. Proposition B, transferring 400 police and firemen into the City Employees' Retirement System, was approved, as was Proposition C, authorizing sale of Pueblo lands.

O. B. School Events Listed

This year the theme for Public Schools Week, April 25th through 28th, is "The Public School and American Heritage." Our American Heritage is a vital growing thing. It is nurtured by continued understanding and appreciation on the part of all our citizens. We are all concerned with its development and preservation. In these troubled times it takes on added significance when on all sides the foundations of our system are under attack. We must know, so that we can appreciate and defend.

To better understand and appreciate our heritage the school is actively involved in teaching understanding of our growth and development. The community and its services are studied, in the classroom and first hand. That the community might become acquainted with the work of the schools a special week of set aside at which time people of the community interested in this important public function might come and observe it in action.

Miss Vesta Petersen, principal of Ocean Beach School, announced the following schedule of events:

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

There is no doubt other day in Congress Rep. Thomas Lane (D., Mass.) hit upon current economic evil when he disclosed recent merger of American Woolens with Robbins and Tietron closed three mills in Massachusetts idling more than 7,200.

Rep. Lane pointed out many of these workers had devoted their lives to these mills, will find it difficult employment.

He decried lack of respect C. W. Harder for such human factors when corporations keep merging in moves toward monopolies, and called for investigation of trend.

While no rebuttal appears to his argument, he brought out additional facts which indicate problem has more than one side. Rep. Lane stated since end of World War II, 640 New England textile mills have closed their doors forever.

Yet it is significant during this same period textile production in England, Japan, other nations increased greatly over their pre-war production, and that U. S. imports of textiles are increasing, due to low tariff protections.

And if present tariff smashing succeeds, textiles are listed as subject to even lower tariffs. In some cases present already low tariff rate will be slashed by as much as 67%.

Again, it gets down to principle that arithmetic cannot be beaten.

What Japanese textile monopoly pays a worker for an entire week's work is only equal to about same amount an employer in U. S. textile industry has to pay.

© National Federation of Independent Business

pay out as his share of social security and unemployment taxes on his average employee. The average single American textile worker has deducted from his pay check for income taxes as much as his opposite number in Japan receives for an entire month's work.

It seems odd New England, first section settled in New World, should be first sacrificed to Old World by One Worlders. However, Rep. W. R. Poage (D., Texas) feels that farmers are also bearing brunt.

He reports average auto worker receives \$71.54 per week, steel worker \$68.14 per week, school teacher \$61.28 and federal employee \$60.28. But at bottom of list he finds textile workers with a weekly average of \$45.55 and farmers with \$39.52.

Yet, it is planned to further slash tariffs that inadequately protect American farmer.

For example, it is proposed to slash duty on land, of which the U. S. has great surplus, by 50%, as well as on land substitutes, and 50% slashes are planned on turkeys, barley, flour, rice, cherries, raisins, prunes, nuts and lemon juice.

And government also announces in federal purchases it is no longer necessary for foreign firms to underbid American firms 25% to get business. All they have to do is underbid U. S. firms by mere 6% to get business paid for by American taxes.

Thus there is great mystification along Potomac. It is believed never before have there been so many planned moves from all directions with purpose of ruining American economy. Observers view happenings with a feeling of unreality such as must have existed when British openly captured and sacked Washington in 1814.

ROBOT PERFORMS FORTY TASKS

Automatic control of utilities and other services and functions in factories, offices, schools and other institutions is made possible by this new system called Central Control, which is capable of performing forty different tasks according to around-the-clock schedule. International Business Machines engineers have perfected this robot which, for example, turns on or off department store neon signs, ceiling, showcase and display window lights, air conditioning, restaurant ovens, and the like. No special wiring is necessary, according to the manufacturer. Examining the exterior of the system's panel are L. W. Bradley and J. J. DeMatteis, planning engineers.

The current production is "Heidi," concluding its run Saturday and Sunday at 2:30 p.m. in Roosevelt Junior High School Auditorium. Sheila and Anita both appear in this play as dancers.

Spring Fair Show Opens Friday P. M.

Spring Fair, sponsored by the Bureau of Home Appliances of San Diego County, will this year be held from April 22 to 27, in the Electric Building, Balboa Park.

First held 18 years ago, but suspended during the World War II years, this 11th Annual Spring Fair is expected to attract record crowds, says J. Clark Chamberlain, show manager. Last year's Spring Fair set a new attendance record of 155,000.

Chamberlain said approximately 100 exhibitors will be displaying the latest models in all kinds of electric and gas appliances. Added sparkle will be given to this year's Fair by the presence of many colored kitchens and colorful appliances of all kinds. Today's trend toward built-in kitchen equipment such as refrigerators, ranges, washers and dryers, will be represented alongside fabulous "Kitchen of Tomorrow" exhibits. The Bureau's Electrical Contractors' Division is sponsoring the Light-o-rama display, which will feature new techniques in practical and decorative lighting for homes, offices, and outdoors. Leading appliance manufacturers are sending twelve expert home economists to man their exhibits and provide helpful guidance to homemakers who may have questions on the daily efficient use of appliances. They will also demonstrate cooking techniques, and provide valuable hints on the preparation and storing of foods. Color television

will also be well represented throughout the Show.

On Friday, April 22, the first day of the Show, doors will be open at 8 p.m. and thereafter at 1 p.m. each day; closing time is 10:30 p.m. during the six-day run of the Show. Door prizes will be presented each afternoon and evening.

School Remodeling Completed for Loma Portal Open House

Surprises are in store for visitors to Open House at Loma Portal Elementary school Tuesday, April 26, from 7 to 9 p.m. Parents, former parents and friends of the school may inspect the results of the extensive remodeling program that was started in December, said Miss Sydnie Higgins, principal.

Formerly the kindergarten room, the new administrative suite consists of the principal's office, a conference room, general office, health room and nurses' office. Also, there are a teachers' work room, a lounge and new quarters for the Safety Patrol.

In the west wing two class rooms have been modernized, some bulletin boards rearranged and the stock room enlarged and improved. A new passage has been cut through the building to the playground, facilities access to the area from other parts of the building.

A new kiln has been installed in the furnace room opposite Room 5. The kiln was purchased with money from the Student Body Fund.

(FCDA Photo). Administration in early warning of unfriendly planes is underscored as Maj. Tilton B. Catrell, an Air Force liaison officer at FCDA, shows silhouettes of plane types to Miss Joan Cross, an FCDA bookkeeper and new recruit in the Ground Observer Corps. Miss Emajene Noon (background) is on duty at the GOC post stop the 14-story FCDA headquarters building in Battle Creek, Michigan.

Cabrillo School Ready For Public Schools Week Event

Cabrillo School has scheduled a full week of activities for Public Schools Week, April 25-29. Parents and community members are invited to see demonstrations of all phases of the educational program, according to Miss Grace E. Finley, principal. Schedules of the special events will be taken home by children and are available in the school office.

The only evening event scheduled is the Open House, 7 to 8:30 p.m., on Tuesday, April 26. All classrooms will have displays of children's work and learning materials, the principal reported. The annual highlight of this Open House is the all-school Hobby Show, in the cafeteria. The show is sponsored by the Student Council, with Thomas Chapman in charge of arrangements.

Dance Program Set
Following Public Schools Week parents will be invited to the Primary and Upper Grade May Festival planned for May 6 (pyramid) and May 13 (grades four, five and six.) Following a "Folk Fantasy" theme, the programs will reflect the music, physical education and social studies experiences in which the children have been engaged.

Arrangements have been completed for Cabrillo School sixth graders to spend the first week in May at the city Schools Camp-Cuyamaca. A well-rounded program of camping experiences is planned by the camp staff, according to Miss Grace E. Finley, Cabrillo principal. She said that the local school camp program has received wide and favorable recognition nationally among educators. C. R. Calhoun and Raymond Wall will accompany their classes for the five-day encampment.

Field Trips
The Fourth Grade class, Mrs. Williams, as teacher, visited Presidio Park and the San Diego Mission last Friday. The class is studying early California history. Mr. Atkins' Fifth Grade class visited the Natural History Museum on last Friday.

The program will include old and new dances; it is planned to please Round Dancers of all levels. During intermission a dance demonstration will be done by Roy Close's Rhythm Rounders. Refreshments will be served.

National Coin Week
Set April 23-29
April 23 to 29 has been proclaimed "National Coin Week in San Diego" by Mayor John Butler. The San Diego Numismatic Society will make over 100 exhibits of rare coins in the city and county of San Diego. The Theme of Coin Week, according to Francis S. Jones, local Coin Week chairman, is "Coins of the Americas". Coins of the twenty-one republics of the Western Hemisphere will be featured in the exhibits.

To help open Coin Week, the Society with the cooperation of the House of Pacific Relations will hold a "Coin Sunday" or open house in the Cottages of Nations in Balboa Park on Sunday afternoon, April 24. Displays will be shown in each cottage and a very large collection will be on exhibit.

The purpose of Coin Week is to give the members and affiliated local clubs of the American Numismatic Association an opportunity to place exhibits on public display and to obtain publicity on the educational and recreational benefits of coin collecting and to encourage others in this most interesting hobby.

Interested persons are invited to attend the next meeting of the Society which will be held at the Y.M.C.A., 1115 Eighth Avenue.

LOCAL WOMEN AT MEET

LIKE TO LEARN A NEW GAME?

It's called "Get What You Want," and the whole family can play it! First, choose an over-all amount, such as \$100, \$250 or \$500. Then ask each member of your family to choose something he wants, for his share of the total. The rest is simple—start a B of A Savings Account and save systematically, making deposits of \$2, \$5 or \$10 a week for one year. In this way you'll have the money before you know it! It's also a fine way to save for a vacation trip or some other large-scale family project.

DOES YOUR HOME NEED ATTENTION?

Mrs. Ann Simpson's Travels Aid Career Of Teaching Youth

"Please don't write about me unless you're short of material," was charming, modest Mrs. Ann Craig Simpson's request. Her life is too interesting, however, to acquiesce. To opposite sides of the world she has gone as an exchange teacher, first to Hawaii and then to England. Marked contrasts in living conditions were her experiences, as Hawaii was pre-world war and England, post-world war. The people were friendly and hospitable in both, and she still corresponds with friends found while in each place.

Her travel has included ten countries of Europe and an unusual tour in our United States. "Five hours of college credit were earned during a tour of sixteen Eastern states and two provinces of Canada. There were two bus loads of us, under the supervision of three college instructors," Mrs. Simpson reminisced. "We slept in tents at night at pre-arranged camp sites. Our class room and text books were places of geographic and historical interest." Travel is still one of her special interests along with gardening.

At the University of Southern California where she received the B.S. and M.S. degrees she majored in social studies and minored in English and speech. While there, she was president of the Women's Residence Hall, member of the Student Body Court and of the Drama Club. Before coming to Dana Junior High she taught at Euclid, La Jolla and Logan Elementary schools. She finds in teaching junior high students that, "There is never a dull moment—a constant challenge."

Along with teaching classes of seventh grade English and social studies and eighth grade English this year, Mrs. Simpson is helping train a young cadet teacher. The young cadet will have a rich experience, for Mrs. Simpson is noted for her generous, gracious and capable guidance.

A Happy Way To Health

Child Health Day in May once again reminds us of the need for wholesome dairy products in the child's diet. One way to assure this is to serve always popular tapioca pudding, containing an egg as well as milk. Even the fussiest child likes this creamy dessert, especially when topped with bright fruit or berries, chocolate sprinkles or bits of jelly.

Tapioca Cream
 3 tablespoons quick-cooking tapioca
 1/8 teaspoon salt
 2 or 3 tablespoons sugar
 1/2 teaspoon vanilla
 Fresh sliced strawberries or fruit

Beat egg white until foamy throughout. Add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in soft peaks.
 Mix egg yolk with about 1/4 cup of the milk in saucepan. Add tapioca, salt, 2 or 3 tablespoons sugar, and remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly — this takes 5 to 8 minutes.
 Pour small amount of hot tapioca mixture gradually on beaten egg white, blending well. Then quickly add the remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker and fluffier the pudding will be.) Add vanilla. Cool, stirring once after 15 to 20 minutes. Top each serving with fresh sliced strawberries or any fruit permitted in child's diet. Makes 5 or 6 servings.

IRRESISTABLE—This couldn't have happened at a nicer time. Russell Hale Davidson gives us his thoughts on "Spring".

I feel like tramping along the shore
 Like taking a ride on a fleecy cloud
 And singing in joy with the whippoorwill,
 But not too loud.

I feel like tramping along the shore
 Of any stream that reflects the sun,
 And, feeling alive to the very core,
 Give thanks for fun.

I feel like saying a humble prayer
 For whatever goodness may bring;
 Oh, this is a feeling rich and rare
 And, besides, it's spring!

APROS—Here's a trip: tip to a lovely new picnic spot. It's on a hill, high enough to hitch a ride on that cloud (see above), and its panoramic view offers that "rich and rare feeling" that comes while watching the world go by, below you.

Buddy Todd Memorial Park is a short distance from Ocean side on the Fallbrook road, Highway 76. Watch for a small sign and a right turn.

The tiny tots will love this spot. Its small playground is well equipped with merry-go-rounds, seesaws and jungle gyms, all freshly painted in gay colors. Each individual picnic area has an elevated charcoal stove for cooking. Have fun!

STILL TRIPPING—Live Oak Park, 4 miles southeast of Fallbrook, is a good picnic spot for the older child. There are horse-shoe courts, a baseball diamond and a large concrete circle for open fires.

The tall California oak trees make this a lovely Sunday retreat or, better still, a place for overnight camping. (No camping between June 1 and September 30.)

DID YOU KNOW—That a current issue of a popular men's magazine predicts that shorts for men will be accepted for office wear this summer?

The author reminded the reader that the U. S. Army Air Force is now designing a new summer uniform which features shorts for coolness and comfort. He elaborated that, with the right accessories, "any man can look good in shorts, regardless of how knobby-kneed or . . . Oooh, what he said!

Anyway, shorts for sports are accepted everywhere, and through the years courageous Boy Scout leaders have put them

LOST & FOUND

We think there's a woman 75 years of age in the Peninsula area who can win a national contest . . . Our problem is to find her, so we are taking this means to do it . . . The Photographers' Association of America, founded in 1880, has launched a nationwide search to find the most photogenic and charming woman born that year . . . All she has to do is have a photo taken at the studio of a member of the Association . . . That's us, in this area. We've seen a lot of charming women on Newport Ave., some of whom might be "Sweet 75" and willing to admit it . . . So—if you qualify, or know somebody in this area who might, we'd like to see you or her . . . The "Sweet 75" winner will be selected by a group of internationally famous women respected for their civic and cultural achievements. She will be awarded prizes and will be the guest of honor at the P. A. A. Diamond Jubilee birthday party and convention in Chicago Aug. 15-19. Also, she will make guest appearances on TV and radio . . . Just stop at Studio of the Cliffs, 1801 Sunset Cliffs Blvd., or phone AC-3-5778.
